## PERSONALITY

You are an unusual Marsh Wiggle. Marsh Wiggles are normally totally pessimistic, morbid, and depressed. You are pessimistic, morbid, and depressed in an optimistic sort of way. You are worried by this. It is not proper for a marsh wiggle. That is why you are pleased when bad things happen to you because this will teach you to be properly depressed and pessimistic.

In your own small way you are also idealistic and purposeful although you would never admit to this in polite society.

## HISTORY

Marsh Wiggles live in the swamp in the northern part of Narnia, near the boarder with the giants. They are continually having battles with the giants. Generally they win these but they all know that they will lose the war eventually and all be killed and eaten. That is the future they have to look forward to.

You heard rumors that two Sons of Adam and two daughters of Eve had entered Narnia. You knew that they had no hope against the Witch, she is too powerful. You knew about the Lamp post, because your father told you. Of course, he did not tell you the incantation. Anyone who knew that was long dead. If the children do not get the power from the lamp post

## OBJECTIVES

**7 Find/destroy the source of the Witch's power**

**9 Get more Turkish delight**

**11 Identify members of the secret police**

**54 Learn the incantation to activate the Lamp pole**

then they will not have a chance, not that they have a chance anyway. It was up to you to tell them. Something like this always happens. You will be eaten by trolls as soon as you leave the marsh. It is for the best anyway, you are not a normal Marsh Wiggle you are too optimistic.

You did not get eaten by trolls, something even worse happened, just as you knew it would. You were tricked into eating some Turkish delight by Maugrim, the captain of the Queens Secret police. If you do not spy for him you will not get any more and you must get some more. Turkish delight is magically created food that makes the person who ate it do anything to get some more.
